

FIG. 1  
CONVENTIONAL ART

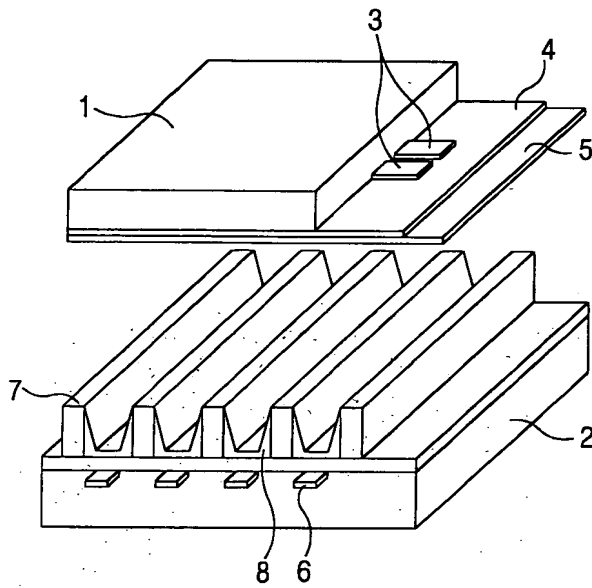

FIG. 1 is a perspective view of a conventional art assembly showing a first component 1 and a second component 2. The first component 1 has a top surface 3, a side surface 4, and a bottom surface 5. The second component 2 has a top surface 7, a side surface 6, and a bottom surface 8. The second component 2 features a series of parallel ridges or fins on its top surface 7.
